

Prishtina, 04 May 2007

To: **Ali HAMITI**, Chairman of ERO Board

From: **Fadil ISMAILI**, Managing Director of KOSTT JSC

Subject: **Correction of Request for revision of Allowed revenues for KOSTT for the year 2007**

Dear Mr. Hamiti,

Under the request of KOSTT, dated 3th of May 2007, no.428, and revision of the possibility for reduction of Allowed revenues for 2007, we inform you that KOSTT has decided to amend the plan of reduction as follows:

Personnel expenses	150,000 €
Ancillary expenses	210,000 €
Maintenance	120,000 €

	480,000 €

KOSTT is aware that these reductions, especially the increase of reduction for personnel expenses compared to previous plan of reduction, will require special engagement of staff and will and it will present incapability to perform the plan of employment for the year 2007. The reduction of maintenance expenses is done considering priorities in the maintenance plan, with the aim to minimize the possible negative effect of this reduction.

Only the regular pay of tariffs of KOSTT, and especially from KEK's side would be a guarantee to carry out the foreseen obligations.

We hope for the understanding and approval of this request.

Sincerely,

Managing Director
Fadil ISMAILI
