

Prishtina: 27 February 2009

## Energy Regulatory Office

Taking into account

1. Legal mandate defined in Article 23 of the Law on Energy Regulator amended in Law No.03/L-080;
2. Provisions of Article 7 of the Rule on Authorization Procedure for construction of new generation capacities, gas networks, direct electric-energetic lines and direct pipelines.
3. Annex A., Item t D2 of Tax Statement approved by ERO on 17.01.2006.

Hereby puts for public discussion **draft tax list** on the consideration of applications for authorizing construction of new generation capacities, as follows.

<i><b>New generator's installed capacity</b></i>	<i><b>Price/Euro</b></i>
<i>New generator of capacity up to 5 MW</i>	<i>1,500.00</i>
<i>New generator of capacity over 5 MW to 10 MW</i>	<i>3,000.00</i>
<i>New generator of capacity over 10 MW to 50 MW</i>	<i>5,000.00</i>
<i>New generator of capacity over 50 MW to 100 MW</i>	<i>7,0000.00</i>
<i>New generator of capacity over 100 MW to 200 MW</i>	<i>20,000.00</i>

This draft tax list on the consideration of applications for authorizing construction of new generation capacities has been prepared drawing on the practice and experience of regional regulators and it will be made public as an opportunity for interested parties to provide their comments before ERO approves it.

Deadline for receiving comments on this draft tax list is 12 March 2009.

Comments should be submitted in written to the following address:

- "Hamdi Mramori" , Nr 1, 10000 Prishtinë, addressed to "Legal and Licensing Department" or in the electronic address [ero.legal-licensing@ero-ks.org](mailto:ero.legal-licensing@ero-ks.org) mentioning the subject matter: "Draft tax list on consideration of application for authorization".
