**The Board of Energy Regulatory Office,**

Based on:

- Article 9, paragraph 1, sub-paragraph 1.7, Article 15, Article 25, Article 26, paragraph 1, sub-paragraph 1.2 and Article 47 of the Law on Energy Regulator (Law No. 05/L-084);
- Article 28, paragraph 1, sub-paragraph 1.12 of the Law on Energy (Law no.05/L-081);
- Articles 5 and 7 of the Rule no. 12/2017 on General Conditions of Energy Supply;
- Article 9, paragraph 6 of the Distribution System Operator License;
- Principles on Determination of Distribution Use of System Tariffs and Connection Taxes for Distribution System;
- Distribution Network (DSO) Connection Charging Methodology, approved by Decision V\_1543\_2022, dated on 29 July 2022, by ERO Board, and
- Request of Distribution System Operator (KEDS), dated on 05.09.2022 on review and approval of Connection Charges in DSO network;

**in the session held on 27 January 2023 issued the following:**

## **DECISION**

- I. APPROVAL-** of Distribution Network (DSO) Connection Charges.
- II.** Connection charges shall be an integral part of the Connection Charges Methodology, approved by Decision V\_1543\_2022, dated on 29 July 2022, by ERO Board.

## **Reasoning**

- Energy Regulatory Office (ERO), on 05.09.2022 received the request for approval of Distribution Network (DSO) Connection Charges from the legal entity KEDS JSC, according to the legal requirements set in the Connection Charges Methodology, which emphasize that the implementation of the Methodology shall commence with the approval of Connection Charges, according to the Decision of ERO.
- ERO, on 27.04.2022 received the request for approval of the Distribution Network (DSO) Connection Charging Methodology from the legal entity KEDS JSC.
- The Distribution Network Connection Charging Methodology sets the obligations of the DSO in provision of electricity services to existing users who use such services as well as future users of the distribution system who request connection to the DSO network.
- ERO, on 29 July 2022, through Decision V\_1543, following the evaluation and analysis of the document and its review, considered that the criteria for approval of the Distribution Network Connection Charging Methodology had been fulfilled, which shall be implemented following the approval of Connection Charges, according to the decision of ERO Board.
- ERO requested from the legal entity KEDS JSC, to prepare the Connection Charges according to the criteria set in the Distribution Network Connection Charging Methodology, where the charges forecasted as in the annexes, shall be based in the market prices as well as submitted to ERO and published in the website of DSO and that of ERO.
- ERO is entitled to request from DSO to publish the capacities of the power plants at any time, in a transparent and non-discriminatory manner.
- ERO, following the evaluation of the annexes with charges for DSO network connection services, has evaluated that the legal criteria have been fulfilled and the list of connection charges can be proposed for review and approval by ERO Board.
- ERO Board, following the evaluation and analysis of the List of Charges, has evaluated that the charges have been set according to the Methodology of Connection Charges in Distribution Network (DSO), approved by ERO, and based on legal provisions mentioned in the introductory section of this decision, has decided as in the enacting clause to this decision.

**III.** The decision is issued and published in the official languages of the Republic of Kosovo

**IV.** The decision enters into force on the date of approval by the Board and will be published in the official website of ERO.

**Legal advice:** The party dissatisfied with this decision may initiate an administrative dispute at the competent court within (30) days from the receipt of the Decision or the date of its publication on ERO's website, whichever occurs last.
